Madrid, May 7, 2010

Dear Dr. Neshich:

I would like to invite you to participate as instructor and Chair for the Structural Bioinformatics Session at the course entitled "ANALYSIS OF MACROMOLECULAR STRUCTURE", organized by the Spanish EMBnet node, with support from CYTED FreeBIT proposal, which will be held in Madrid, CNB (Scientific Computing Service, C/Darwin, 3, 28049 Madrid) from June 21 to July 02. Your session will be from June 21 to June 24 and you are invited to provide lectures during these full three days. The organization of this course will provide you with the air ticket and funds to cover hotel expenses. We invite you to arrive in Madrid on June 14th, make initial preparation for the course, and on June 15th you are invited by the Organization Committee to participate at the 2010 EMBNet Annual Meeting (AGM) in Bari, Italy (June 16th to June 19th). After EMBNet AGM we will all return to Madrid and proceed with the course.

We are able to provide you with return air ticket from São Paulo to Madrid and hotel expense in Madrid (funds provided by the CYTED FreeBIT network) as well as up to US\$500 to assist in your travel from Madrid to Bari and also lodging in Bari from the EMBnet Stichting accounts.

Your important contribution to the FreeBIT course and EMBNet AGM is deeply appreciated and we look forward to your participation in June.

Best regards,

Dr. José R. Valverde

Chairman, FreeBIT network (CYTED)

Secretary, EMBnet
